

PROGRESS SUMMARY

Project: Finding NeedMo

Date: 12/23/24

Accomplishments:

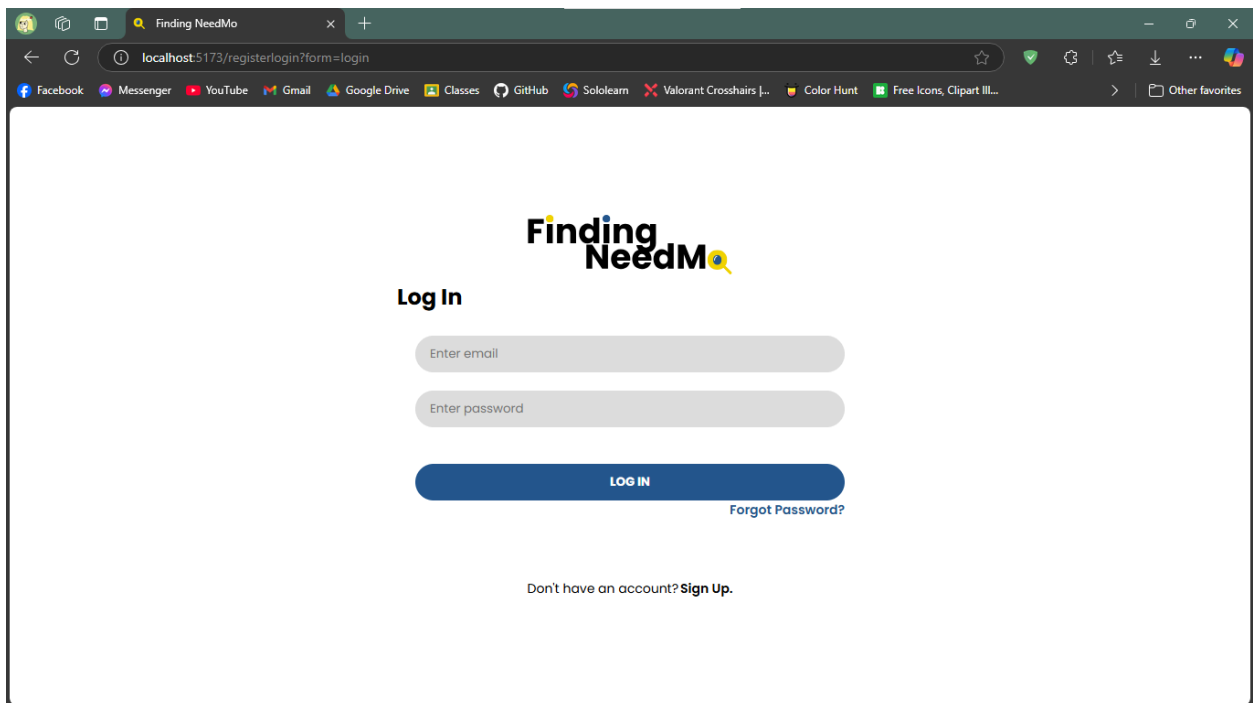

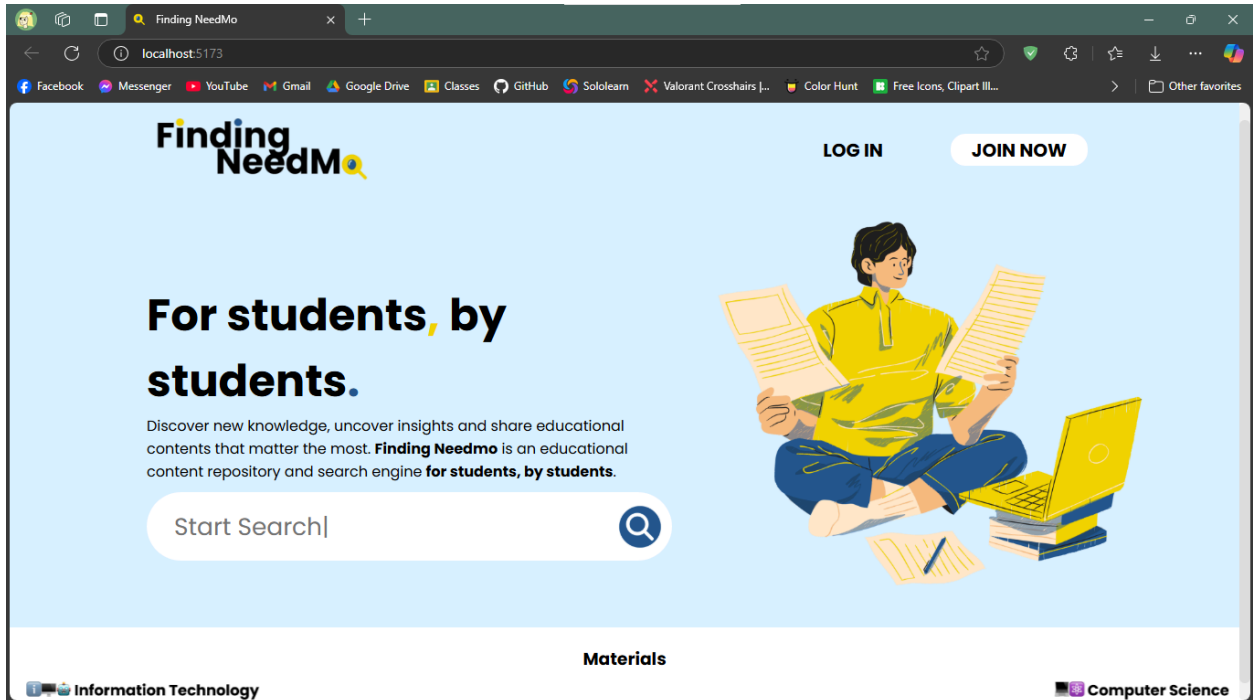

- System Diagrams Completed:
 - **Class Diagram:** Created to outline and represent the structure and relationships between system classes.
 - **Entity-Relationship Diagram (ERD):** Completed to showcase database relationships and ensure data integrity.
- Completed defining the **System Requirement Specifications (SRS)**.
- Developed essential, user-friendly, and responsive interfaces with a focus on enhancing user experience:
 - **Profile Page**
 - **Account Settings Page**
- Completed core backend logic for functional pages:
 - **Login Page**
 - **Signup Page**
- Initial unit testing conducted on key webpage:
 - **Landing Page**
 - **Footer Component**

Ongoing Tasks:

- Ensuring full responsiveness of developed user interfaces.
- Implementing backend logic for:
 - **Profile Page**
 - **Account Settings Page**

Next Steps:

- Continue developing and refining user interfaces such as:
 - **Manage Content Page**
 - **Search Result Page**
 - **Open Content Page**
 - **Search History Page**
- Implement backend logic for the newly developed interfaces.
- Plan and unit test of web pages such as:
 - **Home page**
 - **Profile Page**
 - **Account Settings Page**

Initial Unit Testing

```
PASS src/components/Landing/Landing.test.jsx (20.415 s)
Unit Testing for the Landing Page
Header
  ✓ Renders the logo image (149 ms)
  ✓ Renders login button and directs to the appropriate link (310 ms)
  ✓ Renders join now button (86 ms)
  ✓ Triggers openModal when join now button is clicked (276 ms)
Modal Behavior
  ✓ Renders modal content correctly (122 ms)
  ✓ Opens and closes the modal when clicking 'join now' button (268 ms)
  ✓ Modal buttons navigate correctly (44 ms)
  ✓ Should close the modal when cancel button is clicked (64 ms)
  ✓ Clicking inside modal content does not close the modal (52 ms)
  ✓ Clicking outside modal content closes the modal (106 ms)
Search Bar
  ✓ Search button click triggers modal open (91 ms)
  ✓ Typing animation works correctly (4824 ms)
  ✓ Clearing input works correctly (34 ms)
  ✓ Cancel button clears input correctly (88 ms)
  ✓ Should handle focus correctly (2035 ms)
  ✓ Should handle blur correctly (102 ms)
Content
  ✓ Renders landing photo correctly (18 ms)
  ✓ Renders title and subtitle correctly (22 ms)
  ✓ Renders search icon inside the button (21 ms)
  ✓ Renders search bar and correct placeholder text (4406 ms)
Footer
  ✓ Should render the footer section with the correct title (13 ms)
  ✓ Should render two sets of images within slide content (20 ms)
  ✓ Should render images with correct src attributes (17 ms)
  ✓ Animation for slide content (13 ms)

Test Suites: 1 passed, 1 total
Tests: 24 passed, 24 total
Snapshots: 0 total
Time: 26.636 s
```

```
PS C:\Users\Dell\Documents\GitHub\DDDoughna\finding-needmo-project\frontend> npm test Footer/Footer.test.jsx
```

```
> finding-needmo-project@0.0.0 test
> jest Footer/Footer.test.jsx
```

```
PASS src/components/Footer/Footer.test.jsx
Unit Testing for the Footer Component
  ✓ Renders the Footer component (69 ms)
```

```
